* 이 환산표는 본 교재에 수록된 Test용으로 개발된 것이다. 이 표를 사용하여 자신의 실제 점수를 환산 점수로 전환하도록 한다. 즉, 예를 들어 Reading Test의 실제 정답 수가 61~65개이면 환산 점수는 235점에서 285점 사이가 된다. 여기서 실제 정답 수가 61개이면 환산 점수가 235점이고, 65개이면 환산 점수가 285점임을 의미하는 것은 아니다. 본 책의 Test를 위해 작성된 이 점수 환산표가 자신의 영어 실력이 어느 정도인지 대략적으로 파악하는 데 도움이 되긴 하지만, 이 표가 실제 TOEIC 성적 산출에 그대로 사용된 적은 없다는 사실을 밝혀둔다.

Questions 164-167 refer to the following memo.

To: Department of Sanitation Employees
From: Larry Bozeman, Department Head
Date: September 3
Re: Update

Earlier this week, I visited the Brookville landfill to carry out an evaluation and determine the time left before space in the landfill runs out. — [1] —. The last estimate was made a decade ago, and at that time it was projected that the landfill would be able to meet Brookville's needs for another fifty years. Therefore, at this point, we would expect to have forty years left before having to make alternative plans for the management of solid waste. Unfortunately, as the number of residents in our community has nearly doubled in size in just a few short years, the landfill is getting used much more than originally anticipated. At the current rate, the remaining space at the site would only last for eighteen to twenty more years. — [2] —.

In order to curb overuse of the landfill and delay the date when the site will run out of space, I have already obtained approval to begin a food waste recycling program, which will be called the Brookville Compost Collection Program, or the BCC Program for short. — [3] —. This will involve collecting food scraps in special containers, to be picked up on the normal recycling collection days and used to create fertilizer. We will run a trial program in Warren Park, Oak Grove, and Rocklane beginning from next month. Once we work out the logistics, the program will be expanded to all neighborhoods in Brookville.

We will heavily promote recycling throughout Brookville, especially targeting businesses, whose commercial waste makes up approximately thirty percent of what is collected. — [4] —. This action alone could save tens of thousands of tons of waste. Homeowners and businesses would be encouraged to compost their yard waste on site instead.

164. What has Mr. Bozeman recently done?
- (A) Trained new sanitation department staff
 - (B) Assessed a garbage disposal site
 - (C) Gathered feedback from Brookville residents
 - (D) Carried out employee evaluations
165. According to Mr. Bozeman, what has contributed to the problem?
- (A) Complex regulations
 - (B) Rising recycling costs
 - (C) Lack of public interest
 - (D) Rapid population growth

166. What is indicated about the BCC Program?
- (A) It will be tested in a few neighborhoods initially.
 - (B) It is aimed at teaching people how to prepare recyclables.
 - (C) It may fail to be approved due to budget cuts.
 - (D) It will be partially funded by the sale of fertilizer.
167. In which of the positions marked [1], [2], [3], and [4] does the following sentence best belong?
- “Another possibility is not to allow grass clippings in the landfill.”
- (A) [1]
 - (B) [2]
 - (C) [3]
 - (D) [4]

Questions 172-175 refer to the following article.

Glass Containers to Be Banned

March 23—The Wynnendale City Council voted to enact a proposal that would ban glass containers at public beaches and parks. —[1]—. The measure, brought forward by Andrew McDowell, seeks to reduce injuries from broken glass, and it contained recommendations to fine those who disobey the ban up to \$500 for the first violation. This original fine was considered excessive by many council members and was reduced to \$100 before the final vote was taken.

Although the proposal received widespread support, it is not without its opponents. —[2]—. Ellen Jacobs voted against the proposal because she believed that it could disproportionately affect those living on the streets. Others raised concerns that the local police force does not have the manpower to make sure that people are following the regulation. This is because most discarded glass containers come from individuals or very small groups. Large-scale events such as concerts and festivals do not usually contribute to the litter problem. —[3]—.

The council plans to launch a public awareness campaign on April 3 to inform residents about the new regulation, which will go into effect the following month. —[4]—. It will include posting notices on the city's Web site, running public service announcements on the radio, and putting up signs in public places to spread the news.

172. What is indicated about Mr. McDowell's proposal?
- (A) It will mainly apply to businesses.
 - (B) It will go into effect sometime in April.
 - (C) It was altered before receiving approval.
 - (D) It was unanimously supported by the city council.
173. What problem did Ms. Jacobs anticipate regarding the proposal?
- (A) It could be applied unfairly to the homeless.
 - (B) It will cost too much to publicize the change.
 - (C) It would not result in cleaner public streets.
 - (D) It will be difficult for the local police to enforce it.
174. What is NOT a method that will be used in the public awareness campaign?
- (A) Radio announcements
 - (B) Newspaper advertisements
 - (C) Online messages
 - (D) Publicly posted signs
175. In which of the positions marked [1], [2], [3], and [4] does the following sentence best belong?
“These require a detailed cleanup plan before a permit is issued.”
- (A) [1]
 - (B) [2]

I made a purchase from Odessa Housewares before, so I opted into their monthly e-mail newsletter system. Subject:	RE: Inquiry

Dear Ms. Rizal,

In response to your inquiry, I double-checked your invoice (#8394), and I can confirm that everything on the invoice is correct. I believe the source of confusion is that the price for the boat tour listed on our Web site is just a base fee, but a booking charge and additional valued added tax (VAT) were also applied, resulting in the total you see on the invoice. This was explained at the bottom of the booking page. Additionally, you are getting a discount on your meal passes because we are partners with that business, so the overall price of the vacation is quite reasonable. Nevertheless, if you would like to cancel the boat tour, you may do so, but the request must be made in writing by May 31, and you would lose half of your deposit. If you cancel after this date, you will be charged the full amount.

Attached you will find the instructions once again for paying the remaining balance by bank transfer. As I mentioned when you booked the trip, we no longer accept cash, checks, or credit cards.

I hope I have answered your questions to your satisfaction, but please do not hesitate to contact me if you have further inquiries.

Warmest regards,

Raja Tahyadi

Pate Takes New Approach to OntMusic

TORONTO (June 8)—Pop star Leila Pate has posted a message on her personal Web site declaring a split from OntMusic, the leading online music seller.

Ms. Pate recently became a co-owner of Saroto, an up-and-coming rival music store. —[1]—. Her message explained that she and Saroto's other co-owners, who are also musicians, intend to "give power back to artists" by ensuring that they earn a larger share of the total profits from digital sales of their music. Similarly, she believes Saroto's users benefit from the greater technical sophistication of its platform. "We are improving the experience of buying music online," she claimed. —[2]—.

However, Ms. Pate also made it clear that she will not completely sever ties with OntMusic. "In appreciation of our long and mutually beneficial relationship, my previously-released songs and videos will continue to be sold on OntMusic," Ms. Pate wrote. —[3]—. OntMusic has not yet made a public statement about the change. —[4]—. Purchases made through its store, one of the first entrants into the online music market, account for more than half of all digital music sales in Canada. Still, some warn that Saroto may be its most serious challenger to date.

Rick Stayton [9:41 A.M.]

Ms. Ito, the flooring materials that were supposed to be delivered to us today won't arrive until Monday. That's going to push your renovations back several days.

Beth Ito [9:43 A.M.]

That's not good. Remember, the longer the restaurant is closed, the more likely it is that my employees will decide to quit and find other jobs.

Rick Stayton [9:44 A.M.]

Yes, I know. We're going to try to minimize the delay by working in other areas until the shipment comes. For example, we can get some of the outside work done.

Beth Ito [9:46 A.M.]

Oh, actually, I wanted to talk to you about the exterior. I think it would be better to hang the sign up higher on the north wall, so that it can be seen from farther away. Do you think it would make that wall look unbalanced, though?

Rick Stayton [9:47 A.M.]

Well, we're going to work on the roof today. I'll let you know when we're getting close to installing the sign.

Beth Ito [9:49 A.M.]

All right. Is there anything else you can do to speed up the process?

Rick Stayton [9:52 A.M.]

Well, I can phone Cook-Demi Ltd. early next week to start coordinating the installation of the kitchen appliances you had ordered from them.

Braydon Regional Park Authority (BRPA) update posting

Date: March 7

The five-year ecosystem improvement project for the western half of Braydon Regional Park is now in its second year, and the BRPA is pleased to announce that it is proceeding as planned. Under the leadership of Director Elaine Roteff, 500 trees of various species native to the area have been planted over a 20-acre stretch of the land, and efforts to combat the overpopulation of insects that harm such trees have succeeded. BRPA engineers are also stabilizing the slopes of hillsides that line Braydon Creek, thus improving the quality of the hills' soil and allowing the creek water to flow without blockages.

In fact, the project has been so successful that it has caught the attention of the International Forest Society, an organization dedicated to protecting the world's forests. Director Roteff has been invited to lead several sessions at its upcoming conference in Rio de Janeiro to pass on the insights that have been gained from the project, which is a tremendous honor.

Lastly, the BRPA is most excited to report that it has just lifted a restriction on accessing this part of the park. Thanks to the help of the BRPA's professional staff, it is now possible to take a two-hour guided walk around the twenty-acre area to view the project's progress. This free group tour will be offered at 10 A.M. every Saturday, except during the summer, when 1 P.M. and 3 P.M. tours will be added. The western area of the park may only be visited as part of this official tour. It remains off limits to the public at all other times to avoid interfering with work crews.

172. What is one purpose of the post?

- (A) To apologize for a delay in park upgrades
- (B) To give details about an amendment to a rule
- (C) To explain a procedure for making donations
- (D) To recruit volunteers for upcoming projects

173. What is NOT part of the ecosystem improvement project?

- (A) Growing additional trees
- (B) Increasing the stability of hillsides
- (C) Reducing the population of certain insects
- (D) Preventing farm animals from damaging plants

Hello,

I recently retired, and Rebecca Tucker, a coworker at my former job, suggested that I try your group *classes to stay active*. She said she finds them very effective. Before I visit the center to register as a member, though, I wanted to learn about what kind of options you have for classes that are held five days a week. I'm in my 60s, so I'm looking for something that has a mild level of activity and mainly focuses on stretching. Could you recommend a class that fits these criteria?

Thanks,

Hi Diane,

I won't be able to come to work today for personal reasons, so I need you to take over my duties. One of these, of course, is acting as a manager's assistant to Ms. Naquin, but since you've done that before, I won't go into detail about it.

The only unusual task will be accepting the furniture delivery this afternoon, but the attached invoice contains almost all the necessary information. Oh, and I should tell you that the delivery truck will park in our back lot.

Also, in case other people are out of the office and can't claim their furniture, remember that the wooden desks and bookcases go to the managers, the plastic desks go to staff, and the storage cabinets should be placed by the far wall of the office.

Finally, if Lance Gray comes by, give him the envelope on my desk.

Call my mobile phone if anything urgent comes up.

Subject:	SANBC plans

Hi Sidra,

I just wanted to share an idea I had for the national SANBC competition next month. Remember how I felt like our performance on the twelfth seemed to be lacking something? I think I've figured out what it is. Instead of having the foam blocks on stage to represent other people, we should use actual people. We could dress them in grey, and maybe even have them walk around a little bit. That would be much more visually memorable. We can use a few people from other local troupes that didn't make it past the regional round.

I know that this is a big change, but I really think we need to do something special to beat Donald Naidoo and the rest of Mastley Dance Company. Think about it tonight, and we can talk it over at practice tomorrow.

Ballet Earth Wins Top Award at SANBC

(18 February)—Ballet Earth was chosen as the group division winner of the most recent South Africa National Ballet Competition.

Sidra Kirmani, Ballet Earth's co-director and choreographer, expressed surprise at the group's victory, citing **stiff** competition from runner-up Mastley Dance Company and others. "I can't believe this is happening. Considering the pool this year, this is an incredible accolade. We'll try to live up to it."

The 13-person troupe was recognized for *Haunting the Pavement*, an eerie work set to a beautiful orchestral score. Dressed in flowing white clothing, the dancers moved gracefully among grey figures meant to symbolize busy pedestrians on a city street.

The SANBC, an event created to support nonprofessional ballet groups, will issue Ballet Earth a prize of R12,000, while Mastley Dance Company and second runner-up **Ballet Gosnell** will receive R9,000 and R6,000, respectively. The remaining troupes will take home R1,000 for their efforts.

I was disturbed to discover today that the promotional video on your graphic design company's home page contains a one-minute excerpt of my song, "From the Hills". I wrote, recorded, and released this song through my Web site last year, but I have not agreed to its use by a private company of any kind. Please replace my song with some other music or take down the entire video as soon as possible.

Community News

(July 11)—The city of Bemmington is still feeling the effects of the heavy rainstorm that hit the area last week, dropping two-to-three inches of rain per hour for several days and causing the banks of the Tyson River to overflow. The flooding has resulted in the cancellation or postponement of several events, the most recent of which is the annual Regional Golf Tournament. —[1]—.

The tournament was originally scheduled to take place on Saturday, July 16, at Mendoza Park. Maintenance workers have pumped water from the most affected areas back into the adjacent sections of the river to speed up the drying process. —[2]—. However, the ground is still too damp. The tournament could not be moved to Pineview Park, which sits on much higher ground, because a baseball tournament was already scheduled for that day. Instead, the event has been moved to Saturday, August 6. —[3]—.

Participants in the tournament, including last year's champion James Lehman, will be contacted by the tournament's event planner. —[4]—. Local business owners hope that the change won't affect attendance at the event, as it is a big draw for tourists. "Whenever we have a lot of visitors in town, it's good for Bemmington," said Kang Shao, who contributed funding to the tournament. "I hope we see a similar turnout to last year's."

Subject: From Almonte Bank

Dear Mr. Krueger,

I'm sorry I missed your telephone call yesterday. In response to your question in the message that you left, I can confirm that your loan application is moving along nicely. We are awaiting confirmation of your credit score, and I have also determined that the debt-to-income ratio for this loan is reasonable.

There are a few documents that I still require. I know that you have six years' worth of business tax records, but we only require three for our purposes. These should be single certified copies of your yearly tax summary from the National Treasury Department. In addition, I need a detailed account of how the funds will be used. Your application only stated "building expansion," but we need a more thorough explanation, including an itemized list of services and materials. I've attached the form you need. You can visit www.almontebank.com/forms/b451.html to see a sample form that is filled out so you know what to do.

All completed documents should be mailed to my office, the address for which appears at the top of the attached form. You may submit the documents anytime, but the sooner you do, the sooner we can issue the funds. If you have any questions, please do not hesitate to contact me.

Questions 186-190 refer to the following article, e-mail, and notice.

NORFIELD (Feb. 15)—City officials have confirmed that the contamination levels at Augusta Pond, on the eastern side of town, are nearly ten times the level that is considered ideal. A test was carried out on February 2 by the Department of Rural Affairs (DRA). Officials determined that the increased use of pesticides and fertilizers on the surrounding farmland has likely contributed to the problem, and that a risk is being posed to the wildlife living in and around the pond as well as people using it for recreational purposes.

The city council plans to debate funding a cleanup project at the lake as well as passing new regulations to restrict the use of chemicals on farmland. The cleanup could cost as much as \$3 million. While most council members are in favor of the project, citing health and environmental benefits, some council members oppose the proposal. Jesse Sierra fears that the financial burden will put the town at risk for bankruptcy. Marjorie Rowe is concerned that the work would cause other important projects to be postponed. The council hopes to make a decision soon.

Sincerely,

Randall Moore

Hi everyone,

This Friday will be the first of our museum's special after-hours fund-raising events, so I have a few updates for you. Ms. Fleming will be unable to work due to unforeseen circumstances. Therefore, Vince Oswald has volunteered to take over her duties.

On a happier note, I'm pleased to inform you that a generous donor, a local entrepreneur, has offered to match all funds raised dollar for dollar. This will help us to reach our goal for the refurbishment much more quickly. Also, if we meet the goal this month, designer Diana Kirby will attend our October staff meeting to show us her vision for the room.

Thank you all for your hard work!

Dear Mr. Hernandez,

I manage a small commercial property in the northwest area of Bloomington, and I am considering changing my landscaping service provider because the owner has recently cut the budget. I asked Grandey Landscaping for a testimonial from someone who is currently using its service, and an employee directed me to you. I'm wondering if you could tell me about the company's process for designing a flower garden. I'd also like to know how you receive your bills and how accurate these are. In addition, I'm concerned that the equipment will be too noisy for my workers. Please let me know your opinions about this. I would be very grateful for your taking the time to answer my questions.

Thank you,

Luisa Schroeder

Date: March 26
Subject: RE: Grandey Landscaping

Dear Ms. Schroeder,

I would not hesitate to recommend Grandey Landscaping. The company designed a flowerbed for my backyard and made recommendations based on the amount of shade the area receives. There was an extra charge for this service, but I think it was well worth it. I also had a dead tree between my house and my neighbor's fence, and the company's employees were able to remove it without any damage to the surrounding structures.

I currently have my lawn mowed and garden weeded twice a month, usually on Saturdays. The equipment is not very noisy, and the workers always clean up the lawn clippings and other debris before leaving. If you use this service, you will not be disappointed.

Best of luck,

Robert Hernandez

Dinajpur Food Processing Company's Web site

News update for: 2 February **Posted by:** Tyler Sharma, Operations Manager

It's been two weeks since my last post, so I just want to inform everyone on what's going on with the construction of our new factory. We had a few setbacks during the installation of flooring materials in the main manufacturing area, but that work is now complete. Plumbing and electrical work are progressing as planned, and the inside partition walls will be put in soon. If the remaining work proceeds on schedule, the factory should be operational by late April.

I have been working closely with the Human Resources Team to recruit technical support staff for the plant. Last week, on behalf of the company, I attended the employment recruitment fair at Navi-Tech University in Mumbai to interview promising young candidates interested in careers in the industry. In addition, I have contacted a former colleague of mine, Giorgio Dutt, to handle the task of creating custom safety signs for the plant floor. The printing firm he owns specializes in high-visibility signs for work areas.

I will keep everyone posted as more news comes up.

The service was very quick. My shoes were ready for pick-up just two days after I dropped them off at the service center. And I'm pleased with the results. Portala Stadium to Host USSL All-Star Game

US Soccer League (USSL) commissioner Joseph Mason, FC Santa Fe owner Octavia Yelnick, and Santa Fe mayor Idalia Ortiz held a joint press conference yesterday to announce that the city's Portala Stadium has been chosen as the site of the league's next all-star match.

The all-star game is a competition between the best players of the USSL's western and eastern divisions as determined by a poll of players and coaches. — [1] —. Last year, the Western Division Team, featuring current FC Santa Fe star Eric Gikunoo, narrowly beat the Eastern Division Team in a thrilling match in Nashville.

Everyone, I'm going online now to buy tickets for the department's trip to the movies on Friday. How does *The Gates of Belief* sound? It's gotten excellent reviews from critics.

Hannah Kiehl, 11:42 A.M.
It's been in theaters for so long that I think most of us have seen it already. I'd prefer *The Adventures of Sam Driver*. My friend saw it last weekend and highly recommended it.

The Adventures of Sam Driver does sound good, but I've heard that its second half is practically a horror movie.

Joy Lafferty, 11:44 A.M.
How about a more lighthearted option? *Goldfish Canteen* opens tomorrow.

Hamdan Al Neyadi, 11:44 A.M.
I'd be happy to see *Goldfish Canteen* or *Blizzard Connection*.

Ryan Etchison, 11:46 A.M.
It looks like there's a 4:30 showing of *Goldfish Canteen*. Does that sound all right?

Hannah Kiehl, 11:47 A.M.
Wait, will there be dinner afterwards? I was hoping to leave by 7 o'clock sharp.

Ryan Etchison, 11:48 A.M.

Questions 196-200 refer to the following e-mail, advertisement, and schedule.

From:	Jeanne Dubois
To:	Rachel Freund
Date:	May 4
Subject:	CLS Results
Attachment:	CLS Summary

Dear Rachel,

I've finished this semester's Campus Life Survey. A detailed report of my findings is attached to this e-mail, but I can summarize the main points for you as follows:

- The service or facility that received the lowest approval rating was parking. Students say there are not enough spaces, especially near Scheyd Auditorium.
- Most students rate Morton Cafeteria as their favorite dining hall, but express concerns about overcrowding there. They would like our other dining halls to offer special food items like its burrito bowls.
- Especially among students majoring in science, there continues to be demand for themed dormitories for those who share particular interests.

Please take a look at the attachment and let me know when we can meet to discuss the information. Obviously, I can't take on major projects in the short time that I have left in this position, but I will make sure my successor is well-informed of all issues raised.

Thanks,

Jeanne Dubois

The screenshot shows a window titled "Online Chat" with four participants represented by user icons at the top. The messages are listed below:

Virginia Lietz [1:18 P.M.]
OK, I rang Mr. McFarlin right after our morning staff meeting to see whether he wanted to go forward with contract negotiations.

Jude Doyle [1:19 P.M.]
How did it go?

Virginia Lietz [1:19 P.M.]
Well, he decided to hire Rooker Computing instead since it has the lowest prices in the industry.

Megan Howell [1:20 P.M.]
We spent days on that sales pitch!

Virginia Lietz [1:21 P.M.]
I know. Everyone worked so hard. It's a big letdown.

Jude Doyle [1:21 P.M.]
To be honest, I'm not surprised that Mr. McFarlin preferred a well-established business like Rooker over a start-up. They have nearly five times the number of employees we do. But they also have more clients. I don't think they're able to provide the focused, personal service that we offer.

Megan Howell [1:22 P.M.]
You have a point. Most customers eventually figure out that it's worth the slightly higher cost to have a dependable tech support team like ours.

Virginia Lietz [1:23 P.M.]
Mr. McFarlin informed me that they signed a one-year contract. Therefore, we'll have another opportunity to secure a contract next year during the renewal period.

Megan Howell [1:26 P.M.]
I guess we need to put this defeat behind us and focus on preparing the presentation for Stalford Industries.

Jude Doyle [1:27 P.M.]
Exactly. And instead of making a completely new one, we can just adapt the one we have to address Stalford's specific needs.

 - (B) Visited Mr. McFarlin's business

 - (B) It is known for providing good customer service.
 - (C) Its prices are lower than those of its competitors.

Dr. Katherine James
896 Cardiff Street
Arlington, VA 22210

Dear Dr. James,

Please accept this letter of appreciation for all the work your charity has done to contribute to the success of our new annex for children with special conditions. We could not have done it without your support. It was also wonderful to finally meet you in person at the opening ceremony last week. — [1] —.

As promised, I am sending you the research on creating a nurturing environment for children with progressive conditions. The first enclosure is a study from Wichita University led by Dr. Steven Chapman that describes the effects of color and music on recuperation periods. Although this trial was done with adults, we believe the effects would be similar for younger groups as well. That means the choice of paint in patients' rooms should be taken into consideration. — [2] —. The second enclosure is a joint study between our hospital and the local technical college. Run by Dr. Adele Diop, this research shows a strong link between providing specialized facilities and medical outcomes. — [3] —.

These studies should be useful to you when you help Arlington Hospital write their grant application for upgrading their facilities for children next month. Let me also congratulate you on this, your first consultancy work. — [4] —. I am sure that a number of my counterparts at other hospitals around the country would benefit from your help on similar projects, so please let me know if you are interested in doing more of this grant application assistance work.

Yours sincerely,

E-Mail

To:	Raymond Mora <rmora@berringley.gov>
From:	Kim Denson <kdenison@berringley.gov>
Date:	May 8
Subject:	Berringley Community Picnic

Dear Raymond,

Thanks for booking the bands for the upcoming community picnic. I think it will make a big difference to the atmosphere of the venue. We'll use the new gazebo as a stage if possible. It's supposed to be completed by May 15, two weeks before the picnic. However, Colbritt Construction, who was hired to do the work, is behind schedule, so it might not be ready in time. If that happens, we can rent a temporary stage from Romanto Supplies, and their crew will set it up and take it down after the event. Also, we're expecting a lot of people to turn up to the event, so I'm worried that we'll quickly run out of space for vehicles. Therefore, I'd like you to post a message on the city's Web site reminding people that taking public transportation is recommended.

Thanks!

Attention, Colba Footwear shoppers:

The Namara Building branch of Colba Footwear will hold its final day of business on Sunday, April 30. Although we enjoy providing casual and formal footwear for our Edendale customers, we could not avoid this closure because the owner of our building plans to sell the structure for the sake of the upcoming stadium project. Merchandise will be discounted in the week leading up to the closure (Namara Building branch only). Thank you for your many years of patronage at this branch, and we look forward to continuing to serve you at the Tennyson Mall branch, where business will carry on as usual.

Colba Footwear has an impressive range of goods, and I believe it is the best place in the city to buy shoes. Its attentive salespeople genuinely listen to your needs and make recommendations tailored to your specific situation. The business is now down to just one branch, since its original store closed a few weeks ago, but the second branch provides the same level of service, despite being open for a much shorter amount of time.

Bell City Stadium Project Moves Forward

BELL CITY, May 30—The construction of a stadium in the Edendale neighborhood is moving forward, as all permits have been approved and the land acquisition deals have been finalized. Willins Development, the company overseeing the project, has purchased a number of buildings in the area, all of which will be demolished in order to make room for the 50,000-seat stadium designed by architect Anja Lindelauf.

The stadium, which will be named once city officials sell its naming rights to generate further income for the project, will be owned by the city and will be used not just for sports, but also concerts, festivals, and more, making it a welcome addition to the community. It will feature a retractable roof so that it can be used year-round regardless of the weather conditions. “I’m pleased not only with the functionality of this building but also its appearance,” said Ms. Lindelauf. “It will blend in with the buildings and environment around it so as not to take away from the already stunning skyline of Bell City.”

Hello everyone,

We have a hectic week ahead of us, so I appreciate your cooperative spirit in taking on more work than usual. Remember that when you're showing people around the castle and grounds, they should be reminded about the on-site activities as well as the gift shop merchandise. I've posted the updated schedule for this week in the office. Alyssa will join Riley in handling the Willaun Institute group. In addition, Alexandra will help Montgomery University with a group photo at the main gate at 1 P.M., so please avoid the area during that time.

Thank you!

Subject: My visit

To Whom It May Concern:

I visited Aberporth Castle on April 19 with a group of students from the Willaun Institute, and I wanted to share my impressions of your site. I thought this was a valuable educational experience for everyone, and many students showed renewed interest in the medieval time period afterwards. We had the opportunity to participate in all of the on-site activities with the exception of one, due to time limitations. I personally found the demonstration on creating clay bowls to be fascinating, making it the one I enjoyed most. I hope to make a trip to Aberporth Castle an annual occurrence for our school, and I would encourage my friends and colleagues to visit the site in their spare time as well. Thank you for a wonderful and unforgettable time.

Sincerely,

Bethany Hayward

Pensler House Runway Competition

Congratulations! Your design has been accepted for our amateur fashion show. This means that our preliminary judging panel was intrigued by the drawings you submitted and would like to see the finished outfit come down the runway. You now have a chance to become one of the ten winners that will be selected on the event day.

The finished entries must arrive at our headquarters (Galtway Building) by 5 P.M. on March 1 so that they can be photographed in the week prior to the runway show. To ensure that the clothing doesn't get lost, it must be brought by you; do not send it through the mail.

You should also e-mail a short description of yourself and your entry to mjensen@penslerhouse.com. If you plan to supply your own model, please complete the attached Contact Information Card for that person and send it back to us. Otherwise, we will supply a model for you.

Dear Ms. Sanchez,

Regarding the upcoming runway show on March 7, we have received your Contact Information Card, but we are still waiting for the short description of your work and design history. It should be between 80 and 100 words. Please e-mail it to me as soon as possible.

All designers should visit the Pensler House headquarters the day before the event at 5 P.M. in order to try the clothes on the models and make the necessary adjustments. One of our in-house designers, Genevieve Massey, will make recommendations about getting the most flattering fit. On the event day, everyone should report to the Wylona Center at 3 P.M. to leave plenty of time to prepare the models' hair and makeup.

If you have any further questions, please feel free to e-mail me anytime.

Nationwide Rise in Guest Nights

DUBLIN (June 23)—Statistics Ireland (SI) announced yesterday that accommodation providers throughout the country saw a small surge in customers throughout May. According to an SI spokesperson, the increase was mainly due to visitors from overseas. These tourists spent 4.7 million nights in paid accommodations, a rise of 1.8% over the same month last year. This offset a 2.3% decrease in the number of domestic tourists' guest nights, which were down to 2.6 million.

SI also revealed the types of accommodations that were most popular. At 30%, hotels claimed the largest share of guest nights. However, this actually represented a slight drop from the same month last year. The proportion of guest nights spent at cheaper options such as guesthouses (23%) and youth hostels (11%), as well as outdoor alternatives such as campgrounds (16%), grew slightly.

A full report of SI's findings, including details about tourists' activities and expenditures, will be discussed on tonight's episode of *Ireland Issues*, broadcast by IBN.

- (A) It offset a decline in restaurant spending.
 - (B) It was driven by international travelers.
 - (C) It occurred during the month of June.
 - (D) It resulted in additional revenues of €4.7 million.

- (A) Hotels
 - (B) Guesthouses
 - (C) Youth hostels
 - (D) Campgrounds

Team, we've got a problem. It looks like the lighting in the seminar room isn't going to be good enough to allow us to film the one-on-one team member interviews in there after all.

Jillian Huff [10:17 A.M.]
I thought that would be a problem. How about closing the blinds and just using the ceiling lights?

Daniela Wray [10:19 A.M.]
Hmm... does anyone have a really bright desk lamp, maybe? I'm still seeing unflattering shadows on Felix's face.

Susan Min [10:20 A.M.]
Oh, I've got one. Give me a few minutes.

Daniela Wray [10:21 A.M.]
Thanks, Susan.

Iosif Sadovych [10:21 A.M.]
Sorry, Daniela, but—why hasn't all of that been figured out yet? My schedule says you should have started filming Felix's video already.

Daniela Wray [10:22 A.M.]
Well, it turned out that the seminar room chairs aren't stackable like everyone said at the planning meeting. The two of us had to drag most of them to the back storage room to clear out some space.

Iosif Sadovych [10:22 A.M.]
I see. We'll have to remember that for the future.

To:	Clint Weimer
From:	Madeline Stein
Date:	April 10
Subject:	Informational booklet launch

Dear Mr. Weimer,

The Office of International Students has spent the past year reworking the *Information for International Students* to create a comprehensive booklet called "*Guide to Royland University for International Students*", or "GRUIS". GRUIS contains extensive information about dormitories and apartments, common financial and language issues, the municipal bus system, and more. Our office even spoke with local employees of mobile network operators to secure up-to-date details on their contract requirements and offerings. We are confident that GRUIS will allow international students to adjust more easily and fully to life here.

To celebrate and publicize the booklet's release, we are holding a launch party on April 23 at 7 P.M. Please join us in the foyer of Parziale Hall to pick up your copy of GRUIS and watch a short presentation by our director, or by me if the director is unavailable. As the president of one of Royland's most popular student organizations, your support for this project would be invaluable. We hope to see you there.

Sincerely,

Madeline Stein

New Library Survey to Take Place

PRANTON (September 23)—Chomsley residents' days of travelling as much as ten miles to the nearest public library may soon come to an end. Yesterday, the Daiglen County Library Commission announced that the town has been chosen as the site of a possible new branch.

As a first step, the commission will poll Chomsley's citizens on the features that they would most like to be included in a new

library. It will then incorporate the study's findings into a project proposal to be submitted to the County Board of Supervisors for approval.

"Construction and maintenance of a seventh branch would probably require raising the county sales tax," said Corinne Speck, president of the nine-member commission. "That's why putting together an appealing proposal is a very important task for us."

Report Summary

Vosting Associates

On behalf of the Daiglen County Library Commission, Vosting Associates surveyed residents of the city of Chomsley on potential features of a new county library. Data was collected from 653 people via telephone interview during the one-month period from September 28 to October 27. The following chart summarizes the survey's major findings:

Proposed feature	% of respondents expressing interest
Computers, printers, and scanners	92%
Private meeting rooms	85%
Audiovisual materials and media stations	74%
A café	70%
A children's play area	66%
An automated check-in/check-out system	51%

From:	Corinne Speck
To:	Library Commission members
Date:	November 7
Subject:	Survey findings
Attachment:	Report

Hi everyone,

Vosting Associates just sent over their survey report. As you'll see in the chart in the summary, there were six proposed features favored by more than half of the respondents. Despite this, I think we should take the automated borrowing system out of consideration, as its rating is still quite low. Also, as we know from its inclusion in the last new county library in Rudliss, it may not actually be used very often. The other top results are mostly what we expected, though the demand for access to DVDs and CDs is much greater than we had predicted.

Anyway, please read through the report and be prepared to discuss it at our closed meeting next Wednesday.

Regards,

Corinne

186. According to the article, what did Ms. Speck say may be necessary?
- An increase in a tax obligation
 - A pay raise for library staff
 - The sale of county property
 - The formation of a task force
187. How did Vosting Associates employees conduct the survey?
- They mailed questionnaires.
 - They called participants.
 - They went to Chomsley residences.
 - They interviewed people in county libraries.
188. What is implied about the library branch in Rudliss?
- It has the smallest number of regular patrons.
 - It is ten miles from Chomsley city limits.

 - It has shut down its automated borrowing terminals.
189. Which figure in the chart does Ms. Speck indicate is unexpected?
- 92%
 - 85%
 - 74%
 - 70%
190. In her e-mail, what does Ms. Speck suggest the commission do?
- Dismiss a relatively unpopular option
 - Delay a discussion until after a public event
 - Ask Vosting Associates for more information
 - Prepare simplified visual aids for a handout

The New Comedy Nightly News

By Chad Frosch, February 3

As a longtime viewer of *Comedy Nightly News*, I have mixed feelings about the changes to the show. The opening theme music is much more energetic, and a monitor featuring a digital map of the globe has replaced the out-of-date city skyline backdrop. But the problem is that these positive changes seem to be accompanied by really silly jokes. I felt like I was watching that show I caught a moment of earlier tonight, where the characters were behaving ridiculously with some animals. Don't the people running *Comedy Nightly News* know that many of us enjoy this award-winning show because of the sophisticated humor that most other comedy shows lack? It would be a pity if it lost that quality.

191. What does Ms. Nesbit write that she intends to do?
- (A) Attract a new group of viewers to the show
 - (B) Recruit talented creative staff from other shows
 - (C) Make changes gradually to avoid disruption
 - (D) Seek ways to reduce production expenses
192. What is implied about the changes to the show?
- (A) They received mostly positive responses.
 - (B) They took place later than planned.
 - (C) They resulted in longer episodes.
 - (D) They are being imitated by other shows.
193. In the review, the word "mixed" in paragraph 1, line 1 is closest in meaning to
- (A) united
 - (B) repetitive
 - (C) conflicting
 - (D) false
194. Which broadcast does Mr. Frosch compare *Comedy Nightly News* to?
- (A) *A Fresh Look*
 - (B) *On Melvin Street*
 - (C) *The Franklin Family*
 - (D) *Space Net*
195. What does Mr. Frosch mention about *Comedy Nightly News*?
- (A) Its cast seems more energetic.
 - (B) Its humor has become less sophisticated.
 - (C) Its new set backdrop is unappealing.
 - (D) Its host has been replaced.

Questions 196-200 refer to the following notice, memo, and e-mail.

Goffney Connections

Inspections to Take Place

Part of Goffney's exciting new agreement to manufacture appliances for Hadrick Home calls for regular machinery inspections. Both plants that will be involved in manufacturing for Hadrick will be visited by outside inspectors who will test factory machinery. Any equipment that receives a "U" grade, for "unsatisfactory", will need to be replaced or repaired.

The first of these visits will take place while these facilities are still finishing the most recent order from another appliance brand. The Darlington plant will undergo an inspection in June and the Fansville plant will be visited in July, though the exact dates have not been confirmed yet. On these days, production may be slowed or suspended. We hope that all affected employees will be patient during this process and take extra care to please this important client.

From: Sandra Culley, Manager
To: Production Department
Date: June 16
Re: Inspection results

As you may have heard, the recent inspection of our plant determined that the cutting machine and foam injector on one of our lines need to have components replaced. The necessary parts have been ordered and will arrive before noon tomorrow. Josh Fetty, the line manager involved, will notify his employees and follow our standard maintenance procedures.

This will put us slightly behind schedule on shipping the Kalluri order, but I have already spoken with Scott Fonseca to resolve this problem. His line is going to work some overtime to compensate. Questions or concerns about this situation may be addressed to me.

Finally, headquarters sends congratulations on passing the inspection with so few issues. Let's continue to be a credit to the Goffney name.

Hi Tom,

Sorry to bother you in the evening, but I know you're usually the first person at the factory in the mornings. Could you make a sign and post it near the entrance before everyone else arrives? I need to let my operators know that the line will be shut down from 12 P.M. to 3 P.M. tomorrow. The sign should say clearly that Line 1 employees should wait in the employee break room after their lunch hour and then report to their stations at 3.

Thanks,

Josh

Subject: Magazine advertisement

Attachment: maxfuntravelsubmissions.doc

Dear Carrie,

Thanks for agreeing to design the advertisement for our resort that will appear in the October issue of *Max Fun Travel* magazine. — [1] —. We want the advertisement to inform both new and existing customers of changes that will affect this season—namely, that our dining hall has reopened after renovations throughout the summer, and that a complimentary session with a ski instructor will now be included with every lift ticket.

I have contacted the submissions department of *Max Fun Travel* to request the latest guidelines and have attached a copy for your reference. — [2] —. Please feel free to use any of the images in our company database. The file sent to *Max Fun Travel* must be completely ready for publication and in the correct format when it is submitted. — [3] —. We only have enough room in the budget for a half-page advertisement. It can be in full color, but the magazine only offers horizontal half-page ads, so the design must be wider than it is tall. — [4] —. If you run into any obstacles, don't hesitate to e-mail me.

Thank you,

Evan

Jimenez-Wright Enterprises to Expand Its Horizons

July 29—In a press briefing held yesterday, activewear manufacturer Jimenez-Wright Enterprises confirmed that it will add a new line of clothing in order to branch into the children's clothing market, an idea pushed by recently appointed CEO Jesse Stegman. Jimenez-Wright Enterprises is the parent company of the popular retailers Chaskell and Krismore, whose clothing is produced domestically for men and women, respectively. Based on feedback from loyal customers who attended Jimenez-Wright's first-ever beach volleyball competition at Daytona Beach last year, the company began developing clothing suitable for children.

"There has been an increase in obesity rates among children over the past few years, as they have few opportunities for exercise while being in school all day," said pediatrician Jordan Downey, a

consultant for the company. "Fortunately, parents are starting to wake up to this problem and take action, adopting a healthy lifestyle for the whole family."

Jimenez-Wright Enterprises hopes to capitalize on this trend by introducing Marilou, a line of activewear for children ages 5 to 13. The apparel will be manufactured in Jimenez-Wright Enterprises' existing factories, with up to 40% of the fabrics made from reprocessed plastic bottles. While many of the items in the adult stores must be hand-washed to maintain the performance of the fabric, all items in the Marilou line will be machine-washable and resistant to staining. Initially, the line will be rolled out in stores with the company's women's clothing to test consumers' interest, but the long-term plan is to have retail stores that sell Marilou exclusively.

 - (B) It is developing some exercise equipment.
 - (C) It hosted a sports competition last year.

- (A) A financial consultant
 - (B) A medical professional
 - (C) The principal of a school
 - (D) The CEO of a company
166. What is NOT suggested about Marilou products?
- (A) They will be too delicate for machine washing.
 - (B) They will be produced domestically.
 - (C) They will be partially made from recycled materials.
 - (D) They will be made of stain resistant fabrics.
167. Where will the Marilou line first be sold?
- (A) On a special Web site
 - (B) In a seasonal catalog
 - (C) In Chaskell stores
 - (D) In Krismore stores

Questions 168-171 refer to the following notice.

PUBLIC NOTICE OF ROADWORK

On Monday, October 7, work will begin on nearly 2,000 feet of water pipes under Cecil Boulevard. —[1]—. Aging concrete pipes that date back several decades will be swapped for those made of galvanized steel. The \$750,000 project was approved by the city council earlier this year, and it will be funded in part by a federal grant for infrastructure development.

During the project, the water supply to certain neighborhoods must be turned off. In those cases, a temporary water supply will be provided via a series of rubber hoses, and individual households will be affected for approximately 48 hours at most. —[2]—.

Sections of Cecil Boulevard will be torn up, resulting in partial road closures with single-lane use. Crews will work from 6:30 P.M. to 6:30 A.M. to minimize interruptions to the flow of traffic. Still, motorists in the area should expect delays, as alternative routes will be busier than usual, and they should watch for notices and signage in the area indicating detours. —[3]—. They are also reminded that fines for speeding are doubled in a construction zone. The work is expected to take six weeks, though adverse weather could delay some tasks. Updates of closures, progress, and alternative route recommendations can be found on the Department of Transportation's Web site. —[4]—.

- (A) The addition of railings to a roadway
 - (B) The widening of Cecil Boulevard

170. According to the notice, what should drivers do within the construction zone?
- (A) Look out for informational signs
 - (B) Keep their windows closed
 - (C) Report speeding violations
 - (D) Avoid parking near detours

 - (B) [2]
 - (C) [3]
 - (D) [4]

Questions 172-175 refer to the following online chat discussion.

Sidney Lee [11:25 A.M.]

The grand opening of our company's newly constructed manufacturing plant will take place this Friday, August 10. Mr. Finch wants three people from our team to be in attendance, so we need to figure out which of the four of us will stay behind.

Charlotte Mackenzie [11:27 A.M.]

Mr. Finch's memo said there will be five special guests, so we can all go as well as invite someone from another team, perhaps the head of marketing.

Nakula Goyal [11:28 A.M.]

You're right that there will be five people in total, but the memo said that Mr. Finch plans to be there himself and that CEO Gaia Tieben is going along as well in order to give a brief speech.

Charlotte Mackenzie [11:29 A.M.]

Oh, I must have missed that.

Min Cheng [11:31 A.M.]

I'm interested in seeing the new state-of-the-art equipment that will be used at the plant, but I'll volunteer to be the one who doesn't go. I can't go, really—I've got an employee evaluation report due soon.

Sidney Lee [11:32 A.M.]

All right. That works out perfectly. Mr. Finch and Ms. Tieben will travel to the site on their own because they're leaving for a business trip directly from the site. Charlotte, Nakula, what would you prefer to do about transportation?

Nakula Goyal [11:33 A.M.]

Let's meet at the office and then carpool there.

Charlotte Mackenzie [11:34 A.M.]

Good idea. I think it's about a two-hour drive, so it could be boring on our own.

Min Cheng [11:35 A.M.]

Have a great time! Let me know how it was.

- 172.** What will happen on August 10?
- (A) A factory will be inspected.
 - (B) A new product will be launched.
 - (C) A facility will officially open.

Laredo Community Festival Returns

LAREDO (May 5)—The Laredo Community Festival (LCF), which has been growing in popularity, is scheduled to return this summer, from June 27 to June 28 at Roland Park. In addition to the usual booths from local restaurants and retail businesses, this year there will be a section for charities to raise money and promote their work.

Event planner Anita Gutierrez confirmed that feedback from Laredo residents prompted the change. “This is an opportunity for us to support the less fortunate members of our

community,” said Ms. Gutierrez, who will take photos during the opening ceremony and speak at the start of the *Laredo Live* episode being filmed at the festival.

Registration for all booths runs until June 1, and a number of groups have already signed up. One is Coffee-B, a charity devoted to supporting low-income people in coffee-growing regions. Along with its signature coffee drinks, Coffee-B has created a special drink—an espresso topped with honeycomb—that will be sold exclusively at its LCF booth.

Laredo Community Festival Special Events

Saturday, June 27

The Laredo Community Festival (LCF) celebrates our people and our passions. In addition to browsing the 200+ booths, don’t miss these special events on the main stage:

10:00 A.M.	Opening Ceremony Featuring the mayor and city council members
1:00 P.M.	Laredo Spoken Word Contest Contestants of all ages share poems, short stories, and speeches
2:30 P.M.	Filming of <i>Laredo Live</i> Hour-long television program hosted by Tracy Ratcliff, with special guests from the area
7:00 P.M.	Battle of the Bands Local musicians show their talents in this free outdoor concert

Get Buzzing with Coffee-B!

Coffee-B is a charity that teaches people in coffee-growing regions how to raise bees as a source of income. Bees, which pollinate coffee flowers, are the perfect complement to coffee. The honey and wax they produce create a steady source of income for beekeepers in a way that doesn't require land ownership.

Check out our booth at the Laredo Community Festival at Roland Park. We'll be raising money by selling the Honey Dream, a coffee-flavored milkshake with a twist of honey; the Sweet Shot, a freshly-brewed espresso with real honeycomb on top; the Buzzy Bomb, a double espresso with cinnamon and beeswax stirring stick; and the Caffeine Cooler, an iced coffee that can be infused with a variety of flavored syrups.

Viva Botanical Gardens Customer Feedback

◀ Previous Posts Posted Today

As an avid gardener, I was looking forward to seeing the wide variety of flowers and plants at Viva Botanical Gardens. The admission fee is quite reasonable, as you can spend an entire day exploring the exhibits. However, it is a challenge to reach the gardens from the city center. There are no public buses or trains, and the taxi fares are very expensive. I spoke to the manager, who was very friendly, and suggested that he hire a transportation service that was used by another tourist site I had gone to earlier in my trip. I hope he takes this advice into consideration.

— Christina Saunders, July 18

I'm not sure that I would recommend this attraction to others. The admission fee is very expensive, and it's hard to get there unless you have your own car. Very inconvenient! Next time, I'll skip this site and visit the Amherst Nature Reserve instead.

E-Mail

From:	Zane Riley, Human Resources
To:	Vides Design Managers
Date:	November 3
Subject:	Plans

Dear managers,

As Vides continues to expand, our need for a regular supply of new employees —especially graphic designers—has grown. With this in mind, we've decided to begin a summer internship program for university students. This will allow us to make early contact with talented personnel and educate them about our systems.

Ideally, we will begin recruiting applicants through the Bostwick University Career Center early next year. We chose to focus on this university first simply because a number of our staff are alumni of it; it does not mean that we won't partner with other institutions in the future.

We'll start with one intern per department. I'd like each of you to start thinking about what qualities you would find valuable in an intern and what your department can offer to him or her in return. Please send me a rough outline of your thoughts on both areas in the next few weeks. For reference, what you write will become the basis for the listings used to advertise the internships.

Hey, everyone. I just got word that Mr. Boliek will be attending our meeting this morning, so please be prepared.

Bharat Laghari, 9:02 A.M.
OK, thanks for the heads-up. I'll let Chisato know when she arrives with the snacks.

Carole Hauser, 9:03 A.M.
I'll check that the conference room is set up. And should I revise the agenda to allow time for Mr. Boliek to speak?

Andre Jones, 9:04 A.M.
No, that's all right, Carole. Actually, he wants us to act as if he wasn't there. But it's been a long time since someone at the vice-president level has sat in on our weekly meeting, so I'd like to ensure that, at a minimum, we don't make a bad impression.

Yvette Curley, 9:05 A.M.
In that case, could we possibly move my presentation on the buying habits of our target consumers to next week? I've been really busy with the product launch....

Andre Jones, 9:05 A.M.
I think that would make the meeting too short. Did you make an electronic slideshow, at least?

Yvette Curley, 9:06 A.M.
Yes, but it could be better.

Hmm... please e-mail the file to me and then come to my office to talk it over. Carole, I'll let you know what we decide.

A main paragraph describes Pursifull's services, mentioning their experience in providing labour hire services to warehouses and factories in southeastern Canada. Another paragraph details the recruitment process, involving consultants at the work site and job postings for jobseekers. A final sentence encourages visitors to contact them.

Pursifull is proud to provide labour hire services to warehouses and factories throughout southeastern Canada. Under this system, our employees (called “insourced employees”) work on your site and under your direction for as long as necessary. Many of them have worked for us for years, and our thorough reference-checking system ensures that new insourced employees already have experience in your industry as well. All are kept up-to-date on occupational safety and health regulations.

Should you decide to engage our services, a consultant will come to your work site and discuss with you the duties that insourced employees must perform. After selecting suitable employees who are already on our payroll, we will recruit additional workers to fill any remaining gaps via job postings on our “For jobseekers” page. Qualified candidates then undergo our efficient hiring and education procedures. The entire process can take as little as a week, depending on the number of workers needed.

Ready to become one of Pursifull’s many satisfied clients? Click “Contact” above.

The email message is displayed in a standard email client interface. The recipient is Kiyoshi Blaine. The message body begins with a greeting and a request for another group of insourced workers. Dear Kiyoshi,

Hello again from Lona Warehousing! As promised, we’re requesting another group of insourced workers from Pursifull. This time, we need extra warehouse staff to handle the large volume of stock that will be coming and going during the holiday shopping season. Please find five stock associates who can work in our Toronto warehouse from mid-November to the end of December. The specifications of these positions are the same as before. Let me know what further details or action you’ll need.

From: Nigel Rollins
To: Wendy Vincent
Date: 19 June
Subject: Question

Hi Wendy,

I'm at the Australia Civil Engineering Conference, as you know, and I'm writing to get your opinion on a proposal. Right now, I'm sitting in a seminar about high-performance concrete and other new construction materials. I think we might want to incorporate some of them into the Storwick Bridge project. They could solve the problem we're having with the land on the Gouldley side of the river. When the seminar ends, I'd like to ask the speaker to act as a consultant for the bridge committee. What do you think?

Please get back to me soon, because I don't have much time left for that kind of networking. My train departs early this evening.

Thanks,
Nigel

Storwick Bridge Opens to the Public

SYDNEY (22 April)—Cricket fans now have more ways to get to the Wendell Cup final that will take place next month. Storwick Bridge, which opened to pedestrian and bicycle traffic with a small ceremony yesterday, connects West Cricket Ground with the Cressell neighborhood across the Gilmour River.

The bridge's beautifully-patterned railings enhance visitors' views of the river, while a 25-metre segment at its midpoint can rotate 90 degrees to give a clear way for tall ships to pass through. Local residents and enterprises also appreciate that it links two major cycling paths.

Kelevac Gives Back to the Community

ORMESFIELD (October 30)—Ormesfield is now reaping the benefits of a new policy recently adopted by Kelevac. According to Chris Jimenez, an official at the branch, Kelevac employees have volunteered for Ormesfield Beach clean-up efforts and helped United Ormesfield put on an auction earlier this month to raise money for its community food bank.

Tristan Liu, a quality assurance assistant, has signed up for a program providing tutoring for struggling students at Ormesfield schools. “I just completed the orientation process, and I can’t wait to get started,” he said.

City Tour B

As one of our two-day general city tours, City Tour B affords a comprehensive introduction to Underbrink in a relatively short time. It offers all the same activities as City Tour A, but requires participants to arrange their own accommodations. They are picked up and dropped off at Lowis Station, which is near many major hotels.

City Tour B starts with a walk through Underbrink's historical Bristaw neighborhood. An afternoon visit to Schimming Hill, the home of Beth Estepp, will delight fans of her novels, while giving plenty to see to non-fans as well. In the evening, participants will cruise down the Staylen River. The second day boasts a trip to the Denato Art Museum and a bus ride through nearby Staylen Valley. Each of these activities is led by a different specialist guide, leaving the tour director free to assist tour participants as necessary. Throughout the tour, various lunch and dinner options are provided.

The price of this tour varies depending on the season. Click [here](#) to see information on pricing and availability.

Comments:

I had some trouble with the heaviness of the food. In particular, the lunch we had in Bristaw made me feel so unwell that I had to rest in the hotel instead of going to Schimming Hill. But all of the activities that I did participate in were very enjoyable. I think it's great that you have specialist guides. Each one really knew a lot about their subject. I certainly plan to recommend Underbrink Tours to friends.

According to Mr. Lopez, a five-story condominium building named Melwood Grove will be constructed. In addition, a communal swimming pool and gym facilities will be built on the site for all residents to use. Mr. Lopez also confirmed that each apartment will be provided with complimentary high-speed Internet access. Questions 176-180 refer to the following article and letter.

Huffleton Food Market a Huge Hit

.....

Huffleton, IL (July 15)—Huffleton opened the doors of its long-awaited food market last week. The first-ever session of the market, which organizers now hope to run on the last weekend of every month, was deemed a huge success, attracting over 10,000 visitors to the town on a gloriously sunny day. Types of food sold by vendors included German sausage, French cheese, British fish and chips, and Turkish kebabs. The market was part of an initiative by the town mayor to attract higher volumes of tourists to the area. To promote the event, a local film star was recruited to distribute complimentary hamburgers to patrons.

In addition to the market, several food-related events were also held. The most popular of these was the cooking demonstration by Japanese chef Akemi Suki. Mr. Suki delighted crowds by displaying his expert slicing techniques before cooking pieces of fish in oil to produce mesmerizing, brightly colored flames. Another popular event was the cooking contest. Competition categories included making the best soup, chicken dish, sandwich, and cake, with prizes awarded to the winning chef in each category.

Mr. Akemi Suki
86 Horston Avenue
Huffleton, IL 60415

Dear Mr. Suki,

Firstly, I would like to state how much I enjoyed my time at the Huffleton Food Market, which I attended last weekend. My family and I enjoyed eating lots of amazing food—we still can't believe we were served hamburgers by the famous Dale Springfield!

The reason I am writing is that I am currently in the process of opening a Japanese restaurant in the downtown area of Huffleton and would very much like it if you would join our team.

I'll provide some further details about my company. We just opened last year, and we serve a range of Asian cuisine inspired by flavor profiles from all over the continent. We already have recruited chef Sally Bergstrom to produce our desserts. You may remember she won a related competition at the recent food market. If you were to come on board, I am confident that this venture would be extremely successful for all of us.

I feel that we have much to talk about. I would appreciate it if you could give me a call on 560-2219-8282 as soon as you are able.

All the best,

Adele Walsh

Dear Sir or Madam,

Last week, I ordered a new kitchen unit from Home Comfort's furnishing department. I was ecstatic with the prompt installation of the unit. The fittings team visited my house for two days this week and completed the installation on schedule. Nevertheless, I noticed one piece (#9422) has a large scratch across its surface, which is obviously unacceptable. The item's style meets my expectations, and I would therefore like an identical replacement installed at your earliest convenience. Please find my receipt attached to this e-mail. My account number is AG5929.

Just to note, I am going on vacation in two weeks, so I would really like this issue resolved by then. Nobody would be at home to let in the installation team after this period, so I would prefer it to be taken care of prior to my travels. Thanks in advance for your assistance.

Sincerely,

Charlie McRee

To:	Paul Romfield
From:	Tracy Blackheart
Date:	April 23
Subject:	Business trip

Hi Paul,

I've been told that you're going to the product launch with me in Indianapolis next Tuesday. I'm just looking at flights from here in Denver and remembered that you'd flown there just last month. If you could suggest an airline, I'll go ahead and make the booking right away.

With regard to our presentation, we'll be speaking in front of 500 people. As such, it's important we get there on time. I don't think we should use the French firm. I can't remember the name, but I have read unfavorable reviews about them in the last year due to their mechanical problems. I think I also read about Turkish airline CloudSurfer going out of business. I'm happy to consider any other option.

You should also know that reporters have been invited to interview us when we arrive. Opera Media Group has declined the offer, but I believe Magacore Incorporated will send somebody. Our CEO has instructed us to decline interviews with Redfern Press and Business Insider, as they have already been critical towards our new product.

Please let me know about the flights at your earliest convenience.

Tracy

Rapidfly Deluxe: **Overall rating – 4.5/5.** Recently recognized for its outstanding customer service in the Aviation Honors ceremony, German firm Rapidfly has now established itself as a major player in the travel sector. Despite this, bookings have declined so far this year, perhaps in part due to the discontinuing of food service on flights.

GoldenWings: **Overall rating – 2/5.** The flight operator from the south of France has experienced a downturn in ticket sales in the last year. Many customers are unconvinced by Robert Pier's statement that the company has turned a corner, and flights continue to be undersubscribed.

SilverJet: **Overall rating – 3/5.** In a bid to boost dwindling sales figures, Swedish company SilverJet has recently announced a discounted range of flights. This offer extends to its Early Bird flight—the only flight to arrive into Indianapolis from Denver each day before lunchtime.

For the attention of:
ALL LUXURHOME EMPLOYEES

This is a reminder that all employees are to attend mandatory training on March 19. The management team wants to ensure that everybody is aware of our new sales policy when it comes to letting property. Unfortunately, we have been unable to book Cincinnati Convention Center this year. We also inquired about renting the boardroom at the Crystal Hotel, but this was fully booked for our preferred date. As such, we have provisionally booked a room at the Clark Technical Institute. However, this will be altered to the conference suite at Cincinnati University if we need to move the training to a weekend.

The training day will include advice on closing deals provided by business expert Paula Flores. Ryan Bertrand will be on hand to lend his expertise in the area of contract negotiation, and Terry Felz will give a lecture on the new city property regulations. Last but not least, Eileen Rashford will provide advice on delivering successful presentations.

We hope you enjoy the day, and that the information serves you well in your career with Luxurhome.

Dear Wayne,

Firstly, I'd like to thank you and the rest of the management team for organizing the recent company training day. The speakers were all very knowledgeable, and I thought the facilities on hand at Cincinnati University were first class. Please find attached my completed questionnaire.

In light of how much I enjoyed the day, I'd like to meet with you at some point next week. As a new employee, I am now extremely excited about my future career with Luxurhome and would like the opportunity to discuss career strategies with you. If you could find time in your busy schedule to accommodate me, I would greatly appreciate it.

Regards,

Susan Zeperlin

Additional Feedback: Fantastic day. However, I should point out that I got lost finding the venue, as the directions on the Web site were incorrect. As such, I only arrived in time for the second lecture; I thought Paula Flores provided invaluable information. I was a little disappointed to find out that Terry Felz was sick and couldn't make it, but thought Amelia Song delivered a very competent lecture using Mr. Felz's notes.

As I mentioned to you last week, we have begun preparing for the fourth annual Oregon Independent Film Festival, which will take place on Saturday, May 4 and Sunday, May 5. As was the case with previous festivals, critics and reviewers from various newspapers, magazines, and Web sites will be invited to attend.

Please take a look at our previous guest lists and e-mail me the names of all the film critics who attended past festivals. Then, I will contact them and confirm their attendance this year. The movie theater we are using this year will reserve seats by name on the opening night of the event, so the proprietor asked me to send a guest list as soon as possible. Later this week, I'll send you the finalized guest list so that you can start preparing formal invitations for the opening night. You should submit these to Arnie Loomis for distribution by March 31.

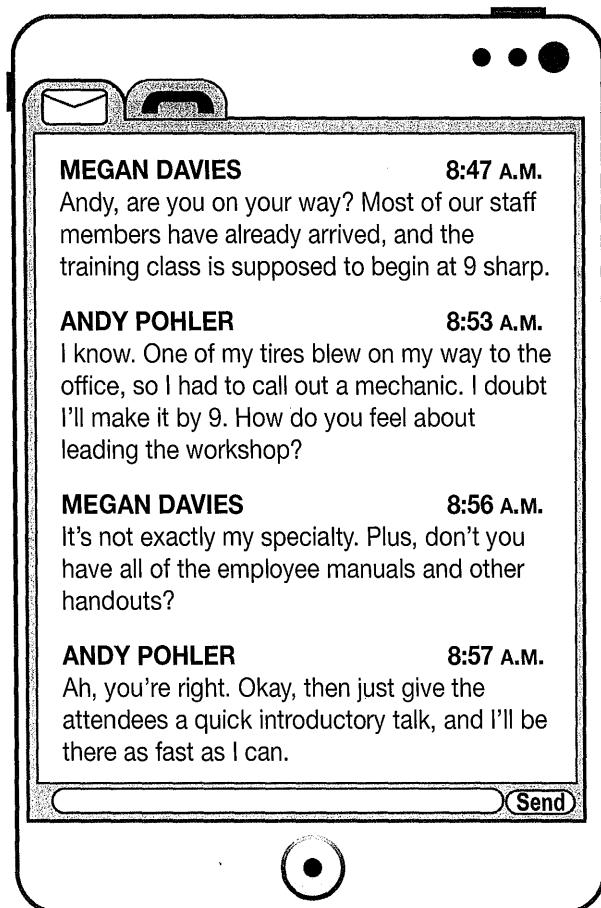

Thanks,

Lynne

Mr. Bryan Hughes
14 Fairfield Avenue
Blackpool, UK
BL3 9FH

Dear Mr. Hughes,

I am a long-term customer of Econobuild and regularly buy my work supplies from your company. I often find the parts I purchase to be extremely reliable to use when I am repairing sink and toilet units. Unfortunately, in this instance, I have several complaints to make. — [1] —.

Firstly, the package I received from your company arrived a day later than scheduled. As somebody who works with strict time deadlines, this caused significant problems for my business, as I had to reschedule some appointments. — [2] —. I would, therefore, be grateful if you could refund the £9.99 charge for express delivery, as this service clearly wasn't fulfilled by your company. I was at least pleased to find that the parts were of their usual high quality. — [3] —.

Secondly, I spoke to one of your customer service employees on the phone, who put me through to your complaints department. I tried to explain my issue to the member of staff there. However, I found him to be extremely rude and unhelpful. In addition to this, he didn't really offer a solution to my problem, hence my writing you this letter.

Lastly, when I logged in to check my balance on your Web site's member's section, I noticed I had been charged for some items that I did not order on my last invoice. As such, I seem to have been overcharged by about £60. — [4] —.

As stated above, I was disappointed to encounter these problems, as I have always been pleased with the service provided by you in the past. If you would like to contact me to discuss anything I've mentioned, please call me at 558-555-0117.

Yours sincerely,

A Design for Life

By Sam Maxton

(October 10) Boston—Caroline Burgess has been employed locally as an interior designer for nearly two decades. Recently, she made the decision to found her own company in Boston, and already has a large client base in the local area. “Interior design has always been my passion,” Burgess says. “I take a great amount of pleasure in developing something special with customers, and providing them with a living space that they are truly happy with.” Burgess’ work often attracts glowing reviews from her clients. Recently, she worked on a project with the governor of Massachusetts to help renovate his family home.

“I’m really pleased with how my own business is going. The work I did on the governor’s mansion was great for attracting some publicity towards my company. I’ve had a lot more inquiries since then.” Burgess is well known for the attention to detail she provides to each project. Every aspect is personalized, and the customer’s wishes are always taken into consideration. The one downside of her role, she claims, is that she sometimes has to spend days away from home. “I miss my parents and siblings sometimes. But they are very understanding”, she says.

Hi Caroline,

I was delighted to receive the design plans from you last week in the mail. You always did a fantastic job for our firm in the past. I think you have some great suggestions. I just have one question: Is it okay if we change the color scheme in the boardroom? The colors you have suggested are quite light, and I think darker colors may be more suitable for a business environment. My colleagues and I feel dark blue paint would be more appropriate for the walls. I hope you agree. I’ll be coming to your city on business next Tuesday, so I’ll stop by your office, as we agreed, to discuss the other details of the project.

Sincerely,

Toby Summit

Dear Mr. Hargrove,

I recently rented one of your new vehicles, and I thought you'd appreciate some feedback on my experience. I thought the Rapiddrive vehicle that I rented handled really nicely, and the interior was clean and luxurious. I feel they are a real upgrade on your last models. Secondly, I found your staff to be very accommodating. I spoke to one of your advisors on the phone on July 5, who was able to book the Road Tripper package for me and charge it to my business account. However, I had to call back after some changes were made to my business trip, which meant it was shortened to last just three days. Your advisor was very accommodating and chose a more suitable package for me immediately. Although my experience was largely positive, I am yet to receive the complimentary cinema tickets that you advertised. Could you look into this for me?

Sharpline Stationery Company – Memo

To: All Employees

From: Amy Whitehouse, Human Resources

Dear Team Members,

As you are aware, our annual employee retreat has been arranged for next weekend. This offers an excellent opportunity for staff members from different departments to get to know each other personally while enjoying some fun activities in a beautiful setting. The retreat will last for two days. You may recall I sent around a document with some menu choices. If anybody requires the vegetarian option, please let me know by the end of business today. Team-building events are to be led by Sharpline managers. Robert Polson will be leading an obstacle-course fitness event, and Natalie Porter will host a map-reading exploration session. Emily Daggard and Colin Himaa have volunteered to host a quiz for us. This is subject to change, as Ms. Daggard has made us aware that she may have to attend to some urgent business. We are also still looking for another manager to lead the water polo session. Hopefully, this will be confirmed at our managerial meeting tomorrow.

We hope you enjoy the retreat!

I stayed at the Prestige hotel for two nights when I was in town on business last week. The hotel was extremely luxurious. Although I didn't see the gym, I heard other guests saying that it contained all the latest equipment and workout machines. Personally, I really enjoyed using the rooftop terrace, which offered some spectacular views of the local countryside, and the pool was the perfect temperature to swim in. The concierge was also extremely helpful. However, I was not satisfied with the quality of the breakfast buffet. The food was not of the standard that I would expect for a hotel of this stature. I could not find a staff member in order to pass on my complaints, as the front desk was often unmanned during my stay. Furthermore, I was woken up by some loud machinery being used on site during one of the mornings. Despite all the other good features, I would be hesitant to stay there again for these reasons.

Dear Ms. Aldridge,

I was sorry to hear you were not entirely satisfied with your stay at the Prestige. We strive to ensure all customers have a pleasant and enjoyable stay and leave happy and well-rested. I'd like to apologize for the poor quality of food during your stay—we are currently having some staffing issues and were lacking a head chef on the date that you stayed. This matter has now been resolved, and a permanent member of staff has since been appointed. With regard to not being able to find anybody to pass on your complaints to, this is most unusual. I have since spoken to the front-desk staff and rest assured, this will not happen again. Regarding the other issue you mentioned, this was due to renovation work that has now been completed, and it has since been returned to the company carrying out the project. We would like to offer you a free stay at the Prestige so that you may experience the world-class service for which we are known. Please contact me at 493-555-0122 if you would like to take up this offer.
